SE801 Project Midterm Technical Report Outline

1. Project Overview

- Project Title
- Problem Statement
- Objectives
- Scope
- Deliverables

2. Requirements Analysis

- Functional Requirements (List)
- Non-functional Requirements
- Stakeholders

3. System Modeling

- Use Case Diagram and Descriptions
- Activity Diagram

4. Data & Information Modeling

- ER Diagram or Database Schema (traditional)

Or

- Dataset Description (for AI-based only)

5. Software Design

- Component Diagram

6. Software Architecture

- Requirement Traceability Matrix

7. AI Engineering Design (if applicable)

- AI Pipeline, Model Selection and Prompt Design

8. Preliminary Test Plan

- Testing Objectives
- Features to be Tested

9. Timeline

- Gantt Chart

**Page limit: not hard limit but try to make it concise within 30 pages.
